Height Adjustable Standing Desk by Joss & Main

- Material: engineered wood and tubular metal
- Distressed finish
- Finished back
- Manually height adjustable from 30" H to 38" H
- Assembly required: yes (tools are included)

Elevate your workspace with this stunning and versatile desk by Joss & Main. Whether cozied up to a window or starring as the room's centerpiece, this sleek furnishing does not disappoint. We love the chic silhouette formed by clean lines and geometric angles. The distressed wood finish will fit your ultra-modern apartment or rustic farmhouse interior. A tubular metal framework supports the adjustable top and intersects flattened A-frame wooden legs. Ranging from 30" at its lowest setting to 38" at its highest, the manually adaptable height allows for multiple work modes; whether configured for sitting or standing, it meets all your ergonomic needs. With a finished back, this desk dazzles in 360°. All the tools for assembly are included, so you'll be writing the next great novel in no time, while leading the charge of cutting-edge home decor.

Standard Bed by Kelly Clarkson Home

Sofa by AllModern

- Upholstery material: velvet
- Frame material: solid wood
- Removable cushions: yes
- Color: cream

The right furniture can transform an average room into something truly stunning. Sophisticated lines and splayed tapered legs make this art-deco inspired sofa the talk of any cocktail party. The understated oyster-shell design brings to mind breezy Parisian apartments and the golden age of Hollywood. Equally appropriate in a professional office or a personal living space, the creamy velvet upholstery is a tactile delight. A solid wood frame ensures this piece is not as delicate as the elegant outline might have you believe. We love the featured single cushion, which is removable for easy cleaning and comfortably seats 2-3 people. Added bonus? No cracks where keys and loose change can get lost!

7-Piece Dining Set by Birch Lane
